

Computer Programming II (CSE2035)

Week 3 Lab Session:

C++ Strings

A decorative graphic on the left side of the slide, consisting of a black crosshair intersecting a blue square, a red square, and a yellow square.

Dept. of Computer Science and Engineering
Sogang University

Exercise 0: Inserting Spaces

- **Skeleton code: w3_exercise_0.cpp**
- **Write a program to add empty spaces between lower and uppercase letters in a given string**
 - Only consider cases when the uppercase letter comes right after the lowercase letter
 - E.g., AbCdeFg → Ab Cde Fg (O)
 AbCdeFg → Ab C de F g (X)
 - Use the `getline()` function to take a string (w/o spaces) from the user
 - Use any string member functions
 - Refer to: <https://cplusplus.com/reference/string/string/>

Expected output:

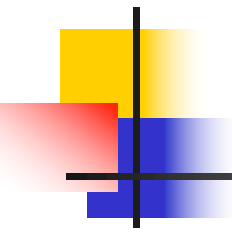

```
Enter the string: SogangUniversity
Edited string: Sogang University
```

Exercise 1: Removing Characters

- **Skeleton code: w3_exercise_1.cpp**
- **Write a program to delete characters in a given string**
 - Your `my_remove_chars()` function should take two strings as arguments (1st argument: original string, 2nd argument: characters of a string you'd like to remove), delete all occurrences of the 2nd argument in the original string, and return a new string without the 2nd argument
 - Use the `getline()` function to take two strings, (1) an original string and (2) multiple characters to remove, from the user
 - Use any string member functions
 - Refer to: <https://cplusplus.com/reference/string/string/>

Expected output:

```
Enter the string: Seogang- CSAEe
Enter the characters that you want to remove: e-A
Edited string: Sogang CSE
```

Lab Assignment Submission Instructions

- **Create “WeekX_Lab_yourID_name” folder**
 - E.g., Week3_Lab_20221234_문의현
- **Put your completed works (e.g., codes/files/programs) to the folder**
- **Compress (Zip) your folder**
 - E.g., Week3_Lab_20221234_문의현.zip
- **Submit/Upload your Zip file to the Cyber Campus in the “Assignments” section**
- **Due dates: All the lab assignments are due by Wednesday at 11:59pm, right after prior week’s lab session on Thursday**
 - Late submissions are not accepted
